

CURRICULUM VITAE

Jane Doe jane.doe@example.com +44 7700 900123 London, United Kingdom

Professional Summary: An experienced software engineer with more than ten years of professional experience building reliable web applications and leading small teams.

Career Objective: To take on a senior engineering role where I can apply my skills in distributed systems and mentor other engineers on the team.

Professional Experience:

Senior Engineer, Northwind Ltd (2019 to present). Led the migration of the billing platform and improved reliability across all of the core services.

Software Engineer, Contoso plc (2014 to 2019). Built and maintained customer-facing features used by more than a million people every day.

Education: BSc Computer Science, University of Manchester.
